

The Black Gondolier

Announcing a new collection of stories by Fritz Leiber. Assembled here is a selection of Mr. Leiber's best horrific tales, many of which have been virtually unobtainable for decades. From the riveting Spider Mansion and The Phantom Slayer from *Weird Tales* to the more recent Lie Still, Snow White and Black Has Its Charms from rare, small-press magazines, this collection provides an overview of Leiber's 50-plus years as an acknowledged master of the weird tale. While much of Leiber's seminal science-fiction and fantasy remains in print, his work in the field of supernatural horror has been sadly neglected until now.
