

In her extraordinary new collection, Kathleen Jamie examines her native Scotland—a country at once wild and contained, rural and urban—and her place within it. In the authors own words : 2014 was a year of tremendous energy in my native Scotland, and knowing I wanted to embrace that energy and participate in my own way, I resolved to write a poem a week, and follow the cycle of the year. The poems also venture into childhood and family memory—and look to ahead to the future. The Bonniest Companie is visionary response to a year shaped and charged by both local and global forces, and will stand as a remarkable document of our times.

Selected Poems (Fyfield Books), Probability Theory with Applications (Mathematics and Its Applications), The Angelical Cardinal: Reginald Pole (1909), The Spectre #5, The White Mr. Longfellow, Ninja Soccer Moms (Samantha Shaw Mysteries),
