

The Control Saga: Books 1-7 (The Control Saga Boxed Set)

Seven books, the five novels in the Control Series plus two prequels. Four allies battle a savage mob boss and a deadly terrorist over 1,400 pages of vigilante justice, conspiracy, revenge, mysteries, a serial killer and espionage, with a nuclear climax. MEET STEVE McKUEN: Brilliant and ruthless ex-criminal, McKuen has settled down to a regular life. Except... Illusion When he loses his soul mate in an assassination attempt, McKuen fights to recover his life. A psychopathic killer blindsides him with a counterfeiting operation in his bar. Near dead from a car crash, McKuen brings his enemy to justice.

The Greatest Game Detective Charlotte Coil has only a few things on her mind: a bank robbery, a prison break, and the kidnap-murder of a politician's brother. Oh, and her boyfriends been held hostage by an insane gunman. Can she ride out the tidal wave? Its a test of tenacity, the greatest game. McKuens Revenge (Control, Book 1) Someones after McKuen; for what he doesnt know. His wife is kidnapped, an heirloom is stolen and the police suspect him of murder. Detective Coil isnt convinced hes guilty, and McKuen is determined to turn the tables on a nemesis he cant see. Coils Cold Justice (Control, Book 2) When a legendary detective tracks a serial killer, its just a question of time, right? Not if the murderer is a detective, too. Trying to nail the killer, Charlotte Coil brings down the boldest smuggling ring in the west and uncovers a haunting memory from her past. Annies War (Control, Book 3) When young agent, Annie McCarthy, loses the rock of her world, she stops at nothing to track down the suspect. Is she hunting a terrorist? Can she outflank her foe, cunning and cruel, in her quest to avenge the wrong? Her shadow enemy, dominating and deadly, is closing in. Carlas Mission: A Techno Thriller (Control, Book 4) When genius computer hacker, Carla Starr, encounters forces

beyond her virtual power, shes baffled by her inability to defeat them. Is the government her enemy? Her friend? Can she keep her sanity? Can she even stay alive? Annihilation (Control, Book 5) A deadly enemy, hidden in plain sight: when a series of murders in Santa Monica rockets into an act of terrorism, Steve McKuen, detective Charlotte Coil, agent Annie McCarthy and hacker Carla Starr are nearly annihilated. Can they outflank their foes, cunning and cruel? As they close in, theyre jolted by a bombshell. A technothriller, Control includes subplots of conspiracy, kidnapping, serial killers, vigilante justice and terrorism, with a dash of romance. Interview Excerpt from an interview with the author: Q Why seven books? A After publishing the five Parts of a massive novel, Control, as separate books, Im bringing Steve McKuens story together in one package. Illusion and The Greatest Game naturally precede Control, story-wise. When I started Illusion a few years ago, I didnt originally plan on this long story arc, but I know people will like it. Since I love reading mystery, private detective, political thriller and vigilante justice novels, Im producing these genres in one boxed set. For instance, Books 1 and 2 of ControlMcKuens Revenge and Coils Cold Justiceare crime thrillers, and share a few scenes from different peoples points of view. Books 3 and 4Annies War and Carlas Missionintroduce a political thriller and technothriller aspect while linking back to Books 1 and 2, and ahead to Book 5. Each of the first four Control books is based on a new lead character. The idea is to introduce and focus on each person, while at the same time driving the action forward, a real page-turner. Each books story stands alone, and all of the story and subplot threads tie up in Book 5, Annihilation. Thanks for reading!
