

Griffith Park Edition (The Day Job Diaries Book 3)

***This is part of a series, but the book is designed to be read as a standalone! ***
WARNING *** Contains sex (but not enough to satisfy if you're looking for only that), rampant drug and alcohol use, as well as general Hollywood debauchery. Aspiring actress Elsie Faber navigates the treacherous waters of Hollywood alongside a cast of kooky friends a bloodhound named Sadie, a one-hit wonders girlfriend and a call girl amongst others. While on her quest to nab her dream role, she supports herself by using a constant stream of lies to get into focus groups, which pay cash. Meanwhile, Elsie deals with the competing affections of two very different men. Book is approximately 72k words perfect for the L.A. to Chicago flight or a similar trip.
