

## The Devil Gave Me A Gun

Suicide. Sometimes, its the only way out. Sometimes, its only a trap. The Devil works in mysterious ways. Just how mysterious, a young man finds out after doing the unthinkable. Now, unsure if hes blessed with a curse or cursed with a blessing, he exists between the living and the undead. As the full power of darkness is realized in a simple inanimate object, he tries to make sense of the horror that is now his life...but evil has other plans.
