

# The Garden of Stones: Echoes of Empire, Book 1

A New Epic Begins Fueled by visions promising him prolonged life and political power, the dying Corajidin, leader of a millennia-old dynasty, has brought the nation of Shrian to civil war. But is his bright destiny assured, or do the events unfolding around him promise a more ignoble, and finite, future....? Indris, warrior-mage of the Seq Scholars and scion of a rival Great House, is caught in the upheaval. Driven by loyalty and conscience to return to a city that haunts his past, Indris reluctantly accepts the task of finding a missing man, the only one able to steer the teetering nation toward peace.... The celebrated warrior-poet, Mari, touches both mens lives: one as daughter, one as lover. As her world unravels around her, can she be true to both her duty to blood, and her own desires for freedom and happiness??
