

## The Lazarus Curse (Dr. Thomas Silkstone Mystery)

In 1780s London, American anatomist Dr. Thomas Silkstone is plunged into a swirling cauldron of sorcery, slavery, and cold-blooded murder . . . When the sole survivor of an ill-fated scientific expedition to Jamaica goes missing upon his return to London, Dr. Thomas Silkstone--entrusted with cataloging the expeditions New World specimens--feels compelled to investigate. There are rumors of a potion that has the power to raise the dead--and the formula is suspected to be in the private journal that has disappeared along with the young botanist. As Dr. Silkstone searches for clues to the mans whereabouts, he is drawn deeper into a dark and dangerous world of vengeance, infidelity, murder, and the trafficking of corpses for profit. Without the support of his beloved Lady Lydia Farrell--from whom he has been forcibly separated by law--he must confront the horrors of slavery, as well the very depths of human wickedness. And after a headless corpse is discovered, Dr. Silkstone begins to uncover the sinister motives of those in power who would stop at nothing to possess the Lazarus potion. . . .Praise for *The Dead Shall Not Rest* Outstanding. . . .well-rounded characters, cleverly concealed evidence and an assured prose style point to a long run for this historical series. --Publishers Weekly (starred review) Populated with real historical characters and admirably researched, Harriss novel features a complex and engrossing plot.
