

## The Negotiation (An Angels Contract Book 5)

Aaron has survived the change, but the pack isn't the only thing changing in Elliott's life. All around him, pieces are being moved into place for a much larger game; a game that he doesn't realize he is playing and if he loses, he and all his pack will have to pay the price. With his brother at his side, alive and healthy, Zeke has come to understand that everything has a price. While Zeke knew and understood that his brother's death would be a part of his own life, will he be able to deal with what it will cost him to keep him alive? Please note: This book is an ongoing series.
