

## The New Oxford Book of Light Verse (Oxford Books of Verse)

This delightful anthology celebrates a rich and pleasing--if often underrated--tradition of English writing. The choice of poems reflects the great variety of light verse as well as the tastes and views of its distinguished editor. The selections range from genial satire to nonsense verse, from epigrams to limericks. More than 250 poems by some 80 authors provide a witty and consistently entertaining survey of English verse from Rochester and Ben Jonson to Anthony Powell and Philip Larkin. As Mr. Amis explains in a lively introduction, the principles on which he based this selection differ from those used by W.H. Auden in selecting for *The Oxford Book of Light Verse* (first published in 1938). Auden's definition of light was closer to popular than humorous. Amis's collection--which includes familiar favorites as well as previously unpublished masterpieces--is lighter in heart, closer to a modern understanding of the meaning of light.

**The New Oxford Book of Seventeenth-Century Verse (Oxford Books of Verse)** Sir Arthur Quiller-Couch's original Oxford Book of Victorian Verse (1912) reflected the end of an age in which Owen Meredith and Alexander Smith had seemed to have exhausted the possibilities of the form. **The Oxford Book of Light Verse: WH (Chosen by) Auden** - This item shows signs of wear from consistent use, but it remains in good condition and works perfectly.
