

The October Country

...that country where it is always turning late in the year. That country where the hills are fog and the rivers are mist; where noons go quickly, dusks and twilights linger, and midnights stay... Explore the outer limits of the imagination with the GrandMaster of American Literature, Ray Bradbury, in a dark and disquieting descent into The October Country. Readers of The Martian Chronicles and The Illustrated Man, as well as fans of H. P. Lovecraft, Rod Serling, Bram Stoker, Stephen King, and writers of other classic horror stories, will be captivated by The October Country's nineteen astonishing tales. From drowned cities to frantic carnivals to forgotten Mexican villages, Bradbury offers an unforgettable journey into mystery, shining brief lights upon the darkest corners of the soul.
