

## 2 Months Til Mrs. (Volume 2)

Cat is at it again--overreacting, overthinking, and overindulging.... The New Year is here and for Catherine Hemmings that means one thing--the year she met Joel Fynn Trager is over. Long-distance love with her Minnesota man has had her living out of a suitcase for months, never knowing for sure what time it is on either end. Now thirty-five is breathing down her neck and she is tired of living in limbo.... In just 2 short months she'll be another year older... can Cat make it down the aisle under the wire? It's a race against time and the laws of wedding physics, and she is going to need all the help she can get... especially as she begins to realize that love just might be blind to reality. Is Catherine really ready to give up NYC for good? To take on a ready-made family? To say I do? Will she follow her head or her heart?
