

## You Can Call Me Miranda: an accompaniment novella in the Thyme Trilogy

I was born to dance. I may have even become the best ballerina this country has ever seen. But when you have no one to guide you as a young person, you become very lost. I craved love and attention, and I found it in men. I've always had a certain allure that draws men to me. I worked that out at a very young age. At first it was fun teasing them, then a thrill then it was just easy. Men were just too easy. I loved the way they looked at me when I danced for them, the way they stared at my body. I danced for men who paid to watch. Then he found me. I was the next desperate girl, ripe for the picking. If only I knew what I was being picked for. This is my story. This is how I lost the girl I once was. Now, you can call me Miranda.
