

The War Planners

A Chinese conspiracy to invade the United States. The CIA's bold covert plan to defend America. And one man's discovery that nothing is what it seems. There is evidence in the news almost every day. Territorial disputes in the South China Sea. China's ongoing military buildup. Cyber attacks on the US government. It's this century's cold war...until it turns hot. When a crack team of American defense experts is taken to a remote island for a highly classified mission, they have a single task: create the blueprint for a coming war with China. David Manning is one of those experts. But as the group plans for war, David suspects that not every person among them is planning for America to win...
