

The Warrior Code (Warriors Series of Crime Action Thrillers Book 3)

Twins, Beth and Meghan Petersen are running and they don't stop or slow down. Gangsters hunting them might catch up. Or their past might. U.S. Special Forces operative Zeb Carter is in the wilderness of Wyoming, to get away from it all, when the twins run smack into him. They are being hunted by gangsters and they don't know why. There might be something in their past catching up with them. They don't know what. Zeb fends off the first attack and finds that a powerful, international criminal syndicate is behind the gangsters. It doesn't want to answer questions. It doesn't wish to negotiate. Its sole intention is to wipe out the twins and anyone who stands by them. It mounts a second, deadly attack. Zeb has a crew to back him up on his agency missions. This time his only back up is his Glock and his getting-away-from-it-all vacation might just mean getting dead. Action. Suspense. Chases. Adventure. Crime. Humor. The Warrior Code has it all. Join the thriller ride and live the code.
