This compilation includes three Jack Reacher novellas and the ultimate fan guide, Jack Reachers Rules. **Deep Down:** In thriller master Lee Childs short story *Deep Down*, Jack Reacher must track down a spy in soldiers clothing - by matching wits with four formidable females. Three are clean - but the fourth may prove fatal. Summoned by Military Intelligence to Washington, D.C., Reacher is sent undercover. The assignment that awaits him: The army is meeting with its Capitol Hill paymasters for classified talks on a new, state-of-the-art sniper rifle for U.S. forces. But vital details about the weapon are leaking - straight from the Capitol and probably into the hands of unidentified foreign arms dealers. The prospect of any and every terrorist, mercenary, or dictators militia getting their hands on the latest superior firepower is unthinkable. That's where Reacher comes in. His task: infiltrate the top-secret proceedings and smoke out the mole. His target: a quartet of high-powered Army political liaison officers - all of them fast-track women on their way to the top. According to his bosses, it's a zero-danger mission. No need to draw a gun...just chat over drinks. But Reacher knows that things are rarely what they seem. And he's learned the hard way never to underestimate an opponent. Or four. Lessons that will come in handy when he starts digging for the truth - and gets his hands a lot dirtier than he expected. **Second Son:** A young Jack Reacher knows how to finish a fight so it stays finished. He knows how to get the job done so it stays done. And, in one of his earliest challenges, he knows that his analytical brain is just as important as his impressive brawn. **Okinawa, 1974:** Even at 13, Jack Reacher knows how to outwit and overpower anyone who stands in his way. And as the new kid in town, that's pretty much everyone. His family has come to the Pacific with his father, who's preparing for

a top-secret Marine Corps operation. After receiving a rude welcome from the local military brats, Reacher and his older brother, Joe, intend to teach them a lesson they won't forget. But it's soon clear that there's more at stake than pride. When his family's future appears to come crumbling down, it's the youngest Reacher who rises to the occasion with all the decisive cunning and bravura that will one day be his deadly trademark. High Heat: In the midst of a savage heat wave and an infamous murder spree, a blackout awakens the dark side of the city that never sleeps - and a young Jack Reacher takes action as only he can. July 1977: Jack Reacher is almost 17, and he stops in New York City on the way to visit his brother at West Point. The summer heat is suffocating, the city is bankrupt, and the mad gunman known as Son of Sam is still on the loose. Reacher meets a woman with a problem, and agrees to help her...but then the power grid fails and the lights go out, plunging the lawless city into chaos. What does a visiting teenager do in the dark? If that visiting teenager is Jack Reacher, the answer is plenty. Jack Reachers Rules: Jack Reachers Rules is the ultimate fans guide to the World of Reacher!
