

Red Line: The Matt Sinclair Series, Book 1

When a teenager from a wealthy suburb outside Oakland is dumped at an inner city bus stop, homicide detective Matt Sinclair catches the case. It's his first since being bumped to desk duty for a bust that went south - fast. With few leads and plenty of attention, it's the worst kind of case to help him get back up to speed. And it only gets worse as the bodies start to pile up - first at the same bus bench, then around the city. Sinclair is unable to link the victims to each other, and the killer is just getting started. Time is running out for Sinclair's career, not to mention for the people closest to him. With *Red Line*, Brian Thiem, a veteran of the Oakland police department and the Iraq war, has written a nuanced police procedural filled with the kind of insight that could come only from a detective who has walked the streets and lived the life.

His trip to the town of Freedom for supplies had ended in a shootout. If caught he would hang. Even though Kris could handle a horse and rifle as well as most men, the possibility of Oskar Neerland's finding her made Matt's blood run cold. He knew the violent and obsessive Neerland, publicly embarrassed when Matt had stepped in and stolen Kris away, would try to kill them both if given half a chance. Matt tried to convince himself that Neerland had returned to the East. But Matt was wrong. Miles away in the town of Freedom, Oskar Neerland was accepting a new job. In his first duty as marshal, he would lead the posse that was tracking down Matt Keelock. From the Paperback edition.](#)
