

Tis the Season (Short Reads)

Call me childish, but I love all the nonsense the snow, the trees, the tinsel, the turkey. I love presents. I love carols and cheesy songs. I just love Christmas. It would be a dream come true to be able to celebrate Christmas properly: to wake up to a Stocking, visit Santa and open Presents around the Christmas Tree. But this is a luxury reserved for those with shares in YuleCo controllers of this joyful season who dont agree that its a holiday for one and all. In this short story, China Mieville's astonishing imagination allows us a glimpse of how a dystopian Christmas might be.
