

The Goblin Mine (Tales of the Silver Sword Inn, Story #3)

Master Orias has sent his young wizard apprentice out into the wilds to gather ingredients for his magical research. Medrick hires the two brothers, Val and Karl, and a woodsman guide to help him find what his Master demands. When the party arrives at the mine, it is not abandoned as they had believed. Join the young wizard and his friends as they find adventure and danger in the goblin mine. Tales of the Silver Sword Inn is a collection of fantasy short stories. Although most can be read individually, the first twenty stories combine into one over-arching story about several groups of adventurers and their attempts to keep the necromancer Cathos from escaping his prison.
