The test is all about pleasure. I assure you no one has ever found it unpleasant. When Dr. Taylor Morton signs up for a new job she should have read the small print on her contract. She had no idea that being sexually stimulated is part of the deal and it threatens her new relationship with gorgeous billionaire Gaige Peters. When Gaige Peters finds himself in the uncomfortable position of owing a debt to Taylor, hes disturbed to find she cannot be bought. He has no idea that hes not the only man interested in getting to know her better. When the complicated strands of Taylors life collide what future will she choose?
