

Tros Of Samothrace

Tros is the daring captain of his trireme, and the son of Perseus, an initiate of the mysteries of Samothrace who was murdered by Caesar. Tros fights back by helping to repulse Caesar's invasion of Britain. Bold and crafty, like a true adventurer Tros wants to avoid fighting, but circumstances draw him into it, forcing him to battle the injustice around him. A warrior philosopher and navigator, Tros represents the adventurers and explorers, who value chivalry, honor and freedom, and will outlast Rome. However, Tros is no reckless swashbuckler, mercenary or fortune hunter; his opposition to Caesar is more than revenge. Unlike many of his powerful contemporaries, Tros has a highly developed, almost modern moral sense, and he is labeled a pirate only by his Roman adversaries. Although he makes use of guile, Tros is a man of conscience who is monogamous and loyal, despising the treachery and treason he sees all around him.
