

## Turings Revenge and Other Stories

Four science fiction tales of the future and one of the ancient past. A total of 22,000 unforgettable words. **TURINGS REVENGE** Remember Alan Turing's test for artificial intelligence? It simply won't tell you if your robot has a soul. You will have to answer that question on your own... and you'd better get it right. **TO MY DEAREST APHRODITE** The Great Library of Alexandria, 246 BC. To save the greatest city in the world, the Library's astronomer must solve a very unusual crime. **FAREWELL TO ARMS** A biologically enhanced assassin finds that his weapons are useless against a beautiful young woman who works in a shoe store. **WISE AS SERPENTS** When humans discovered the alien pavo civilization, they found them to be invisible savage killers. But there is still a chance for peace. Or is there? **MIDGIGOROO AND THE SINGULARITY** Futurists anxiously await the Singularity the moment when superhuman intelligence makes the future impossible to predict. But how will others react to it? An Australian Aborigine, say?
