

## Under Wraps: An Urban Fantasy Adventure (Werewolves vs. Mummies Book 1)

Never explore an ancient Egyptian tomb. That was the first rule of adventuring. It was right before never, ever be the last one alone inside. Thes Mercer did both of those things. Now, this Alpha werewolf has just one goal, to get back home before Ancient Egypt is engulfed in a turf war of godly proportions. Its too bad he broke the third rule of adventuring, too. Dont fall in love with the mummy princess.\*Book 2: All Wrapped Up (ASIN: B014C1KQ4W) is on sale for only \$2.99!\* Under Wraps is the first book in Werewolves vs. Mummies adventures, an urban fantasy series. Readers who enjoyed Rick Riordans Percy Jackson series, Jim Butchers The Dresden Files, Patricia Briggs Mercy Thompson series, or Kevin Hearnes The Iron Druid Chronicles will likely enjoy this paranormal adventure. Interview with the Author Q - So, what makes Under Wraps special? A - Because, at the heart of the book, its about a guy trying to do the right thing by his friend. Hes not a hero or anything, and somehow hes been sucked back into Ancient Egypt and has to contend with all these things hed never expected. Oh and did I mention, hes a werewolf? Lets be honest, how many books have you read recently about a werewolf who travels back in time to fight mummies? This time travelling urban fantasy adventure embraces my love of Egyptian mythology and combines it with all things supernatural. Q - How many books are in this series? A - Thee, the sequel is titled All Wrapped Up, and the third Thes Mercer book is titled Unwrapped. Q - So, why should readers give this book a try? A - Under Wraps is a great chance to explore Ancient Egypt through the eyes of a twentieth century werewolf. Along the way youll meet with mythical creatures, all powerful gods and goddesses, and meet some characters who will steal your heart. That and there are enough twists and turns to keep you guessing the whole way.
