

Valentina Goldman Ships Out

After her husbands unexpected departure a year ago, poor Valentina is stuck. Help arrives in the form of an unwelcome guest: her mother, who shows up unannounced at Valentinas doorstep to take her on a 12-day Mediterranean cruise full of unexpected detours. If youve always longed to go on a cruise, ship out with Valentina. And if youve never wanted to go on a cruise, go anyway. Youll likely find yourself alternately delighted and surprised by her quirky encounters at sea and alluring ports of call. In tightly wound language shimmering with wit and longing, Valentina Goldman Ships Out is a moving portrait of a woman looking for answers and coping with loss, even when the waters are deep.
