

Jesses Story: A Cinnamon Conflicted Book

Jesses memoir, *Twenty Years Away From America*, had stunned Center City and the country by selling in droves. It was in its third printing and there were producers who wanted to turn it into a screenplay. He wasn't sure what he was going to do, he wasn't even sure if he would stay in Center City but on that day, he was going to face a crowd of interested readers for his first public appearance since the book released six weeks earlier. There was one face he hoped to see in the crowd, if only for a minute.
