

## Sixteen Seasons: A collection of short, sometimes strange, stories.

A collection of short stories from bestselling author V.R. Christensen. The collection features stories loosely based on holiday themes, including two Christmas stories, one for Lent and several ghost stories that may or may not be for Halloween. There are even a few that are related to the novels *Of Moths and Butterflies* and *Cry of the Peacock*, as well as *Gods and Monsters* (scheduled for release in spring of 2014.) Want to know how Abbie Gray and her sister were persuaded to leave their beloved home at Holdaway? Or what happened to Roger Barrett and Claire Montegue? Or perhaps you're interested to know what happened to the child fathered by the wicked Frederick Emerson. Find out in *Sixteen Seasons*.
