

Weird Menace Volume 1

The Weird Menace pulps flourished for less than a decade, from the mid-1930s to the early 40s, but while they were popular, they delivered adventure, excitement, and spine-tingling thrills in quantities rarely seen before or since. Mad scientists, deranged henchmen, damsels in distress, and stalwart heroes raced through their pages in breathless, over-the-top, never-ending action. A good Weird Menace yarn really is just one damned thing after another. Rough Edges Press asked some of today's best authors of popular fiction to write Weird Menace stories, and they delivered. Settle back and let us spin a few yarns for you... But keep an eye out behind you. You never know when something might be sneaking up on you. Stories in this volume include: Bodies for the Brain Butcher by John C. Hocking A Night on Madhouse Mountain by Bill Crider The Curse of the Monster Makers! by Scott Dennis Parker Farmhouse of the Dead by Keith West The Hideous Blood Ray by Robert E. Vardeman Blood Treasure for Satans Buccaneers by James Reasoner
