

## Werewolves and Shape Shifters: Encounters with the Beasts Within

Werewolves and shapeshifters have morphed into the latest pop culture stars. This mind-bending collection includes thirty-two new and classic stories from the best writers in the genre. Werewolves and shapeshifters are the latest literary craze following vampires and zombies. The phenomenal success of the Twilight series, and the blockbuster movies that followed, has spawned a new obsession with these supernatural beings. From John Skipp, the master of horror, comes this definitive collection of thirty-two classic and new stories, written by favorites of the genre including George R.R. Martin, Charlaine Harris, Chuck Palahniuk, Neil Gaiman, H.P. Lovecraft, Joe R. Lansdale, Angela Carter, David J. Schow, Kathe Koja, Bentley Little, and more. Skipp provides fascinating insight and details, through two nonfiction essays, into the history and presence of shape shifting in popular culture. Resources at the end of the book include lists of the genres best long-form fiction, as well as movies, websites, and writers.
