

Cruise Ship Cruising and Ride Em, Cowgirls! (Group, Steamy Romance)

Two steamy stories from the Stories By Starr Collection Cruise Ship Cruising Frank is wallowing on the bottom rung of show business. Hes a magician on a cruise ship that takes senior citizens to the Bahamas. The only thing he looks forward to after his shows is getting drunk. That is, until a hot young assistant comes on board and makes him believe in magic for the first time. Ride Em Cowgirls! Why does Jen let her best friend Lil talk her into things like a summer job at a dude ranch? Now her hands are blistered, she has saddle sores and those clunky cowboy boots are killing her feet. The only good thing about the whole fiasco is Trevor, a strapping hunk of a ranch hand. Too bad hes only interested in Lil. Or is he?
