

Wings Of Hope: The Veil Series Prequel - A Muse Urban Fantasy

I am his muse. But not for long... When Mammon, the Prince of Greed, acquires a half-blood slave known as Muse for three nights, and bespells her with tales of a world where people live like kings and queens among towers of steel and glass, the seed of hope takes root in Muses soul. But hope, for a half-human half-demon creature like her, is a dangerous thing. Especially when that tentative hope springs from the honeyed words of a Prince of Hell. What is Mammons price for freedom? Meanwhile Damean, her ruthless owner, would rather see her dead, than free. She belongs to him. She is his muse. And no beast will take her from him. The netherworld is harsh and violent. Muses demon kin are merciless, blood-hungry beasts, but little do they know, Muse has something far more dangerous coiled inside her, desperate for a taste of freedom. Her humanity. Reader Note: This prequel is a short story (approx 90 mins read time). It can be read as a stand alone piece, or at any time during, prior to, or after reading any of the novel-length books in The Veil Series without spoilers. **WARNING:** Wings Of Hope contains some graphic scenes that some readers may find distressing. Genre: Dark Fantasy Recommended for 18+ Editorial Goodreads Reviews for Wings Of Hope What a sensational read! Loved, loved, LOVED this novella!...I got happily lost in the descriptions of the demon realm, the ramblings of Muses broken mind, Mammons murky machinations... I was totally unprepared for this novella. Its absolutely spectacular and so emotionally charged... Absolutely thrilling! *Comments taken from Advance Reader Copy reviews at Goodreads. Editorial Reviews for The Veil Series Moonrise Books This is a fantastic book and one of my new favorites! ...a brilliant and original tale, entwined with a fascinating element of romance. I am eager to dive into the next book in the series to see what happens with

these fantastic characters. Bitten By Books Gripping from the start, full of complex characters, detailed & layered storytelling, great twists. GoodReads reviewer I absolutely adored this book and this series so far. Its unlike anything Ive read before and probably will read for awhile. Happy Tails & Tales It goes to the excellence of writing skill when you love, and hate, ALL of the characters so much. Seriously, I think it could have had a bad plot and I would have loved the characters. BUT the plot is amazing. Youll never be able to guess whats really going on because its all about the unveiling. Nocturnal Predators Reviews I almost cried. It was THAT heart wrenching. After getting slapped upside the head with plot twists every five pages during the WHOLE book I still didnt see that ending coming. Amazon reviewer Nothing is as it seems and its all too easy to get caught in Muses story as the plot twists and turns. Smexy Books From page one I was intrigued and as I turned the final page I still wanted more.
