

A Little Short for an Alien: short story collection

Six inter-galactic short stories from author, Frances Pauli. From The Fobidden Zone to the Alien-Human relations department, these short, alien-infested romps explore encounters with a diversity of imagined species, scenarios, and space disasters. Join Dylan Lowwater, lackluster employee at Space Station H22-J231, Jo Lorey, out of place musician desperate to communicate with a threatened race, and Lieutenant Commander Roe, just plain desperate, as they struggle against out-of-this-world obstacles. In a universe overflowing with tentacles and glow gin, sometimes adventure is easier to find than a date.
