

Moonlight Curse

Benjamin's family is on the verge of starvation until his father runs into something in the woods. That night, the light of the moon changes Benjamin forever. Everything in his life comes together and then falls completely apart as the powerful and mysterious Ryan tears Benjamin's family away from him. Benjamin tries to pick up the shattered pieces of his life, learning more about the path he now walks. As he sets out to get back at Ryan and hopefully save his sister, he wonders: is the moonlight that shines upon him a blessing or a curse?
