

## III Ride for My Thug 2

Asha is finally happy and settling into her new life. She has a one-year-old son, Ayden, who is the love of her life. Ashas career has flourished even more now due to owning two realty locations and hiring new employees who are just as hungry and ambitious as her. Not only does that open up doors to many financial possibilities, but also allows her to be able to spend more time with her son and husband, Joc. Slowly but surely, strange things began to happen and Asha cant shake the feeling that her past has resurfaced once again. Her dreams of a happily ever after are shattered as chaos sweeps through her life leaving her family scrambling to put the pieces together. Asha must make a decision and steps knee deep into the game she always managed to stay away from. Joc is now the head of the infamous Terror Squad who is continuously growing. Joc is at the top of his game, but continues to abide by the rules his mentor Big E has taught him. Family first is his motto and no one will come before his family; not even the streets. After his connect is murdered he must set out to find one who will be able to handle his needs. He turns to big E for advice to ensure that he isnt making a deal with the devil that can potentially bring down the empire they both have so carefully built. While balancing the streets and his family life, Joc has begun to feel doubt creep into his heart. He can feel tension building between him and his wife but is unsure why. An all-out war explodes and Joc will do anything to protect his family and his empire. When his wife makes a power move without his knowledge Joc realizes that the game has changed and the stakes have been raised. Jamarcus Simms is filled with hatred for the loss of the only family he had left. His sister, Lisa, was murdered and he knows exactly who is responsible. After reaching out to an old friend who assists him with devising and executing a plan, Jamarcus

can now get the revenge that he so desperately craves. As complete chaos erupts once again, will Asha and Joc be able to remain at the top of the game or will Terror Squads reign finally come to an end?
